- 6. Enter a password to be used for the new account. Passwords should be 8-16 characters and contain 3 out of 4 of the following: upper and lowercase letters, numbers and special characters. Enter the same password into the second password field as confirmation.
- 7. Enter a display name to be used in the Vivli platform and then click the **Create** button.

8. Your account is created, and you are now logged into the Vivli platform.

#### 1.2 Active Platform Accounts

 As part of Vivli's security policy, for accounts to remain active on the platform, users must log in every six months.

Quick Start Guide: Vivli Users

- 2. If you have not logged in for more than six months, the Vivli team will email you asking that you log in to your account. The Vivli team cannot accept notifications via email to keep these accounts active. It will require you to log in every six months.
- 3. If this is not done within 10 business days of the six-month notification email, the account will be deactivated. If you want your account reactivated, you can email us at support@vivli.org, and we can reactivate it at any time.

#### 1.3 Edit display name in profile

1. To edit your display name, click "Edit My Profile" on the right-hand side of the platform underneath your name

2. You will be prompted to log in again with your credentials

Quick Start Guide: Vivli Users

3. Provide your full name and click Continue

4. The system will take you to the Dashboard where you can see the updated name.

#### 1.4. Change Password

1. To change your password, click "Change Password" on the right-hand side of the platform under your name

2. Enter your old password and confirm your new password and click Continue. Your new password <u>cannot</u> be the same as the previously used password.
