LEAD RESEARCHER

Activate user for accessing data request

Lead Researcher is also Statistician Researcher ?

First Name

Last Name

ORCID ID ?

Email (editable until user is invited to data request)

Position at current organization

Employer, Company, Research Institute, or Primary Affiliation ?

Country

Select One

Education, including professional qualifications that are relevant to the proposed research and are specific to clinical data analysis. ?

Name of the degree

Institution from where the degree was received

Discipline ?

Year Received

How many years of experience with secondary analysis

- Select an Option -

Please list any real or potential conflicts of interest and describe how these will be managed. If none, please enter None.

Access to Data

Access to data not applicable

GENERAL

Title of the Proposed Research (Overall brief description, including the condition, about the proposed research question that is understandable by a general audience)

Blank request for updating form sample

Lay Summary of the Research Request ?

What are the specific aims/objectives of the proposed research, including the specific hypotheses to be evaluated?

PURPOSE OF ANALYSIS ?

Purpose of Analysis is required.

- New research question to examine treatment effectiveness on secondary endpoints and/or within subgroup populations
- New research question to examine treatment safety
- Research that confirms or validates previously conducted research on treatment effectiveness
- Research that confirms or validates previously conducted research on treatment safety
- Preliminary research to be used as part of a grant proposal
- Summary-level data meta-analysis

OUTCOME(S)

Outcome(s) is required.

Inform Patient Care Decisions

- Inform Patient Care Decisions

Algorithms / Code

- A.I. algorithm
- Algorithm for predicting treatment response
- Code
- Machine Learning

Clinical Guidelines

- Clinical guidelines

- Participant-level data meta-analysis
- Support clinical trial design
- Statistical methods
- Training/Testing
- Other

Purpose of Analysis is required.

Designing Future Trials, Trial Protocol

- Clinical trial design
- Clinical trial patient selection / recruitment
- Optimization of clinical trial parameters

Funding Application / Grants

- Funding application / grants
- NIH grant

Tools

- Clinical tools
- Qualification of clinical outcome tools
- Statistical tools
- Web-based tools

Other

- Other

Outcome(s) is required.

Artificial Intelligence / Machine Learning

Please answer the following questions related to use of Artificial Intelligence (AI) and Machine Learning (ML). Also, review the Vivli policy in this document: [Vivli AI/ML Model Requirements](#)

Please confirm if you will be using any Artificial Intelligence or Machine Learning in this request? *

- No
- Yes

Response required.

Please indicate which model types will be developed in your analysis (Note: you will comment on how these models support your analysis in the SAP section) *

- Machine learning models - Defined models similar in nature to standard statistical models (Lasso, Random Forests, Support Vector Regression, Decision Tree, K-Nearest Neighbors (KNN), Gradient Boosting, Kernel Machine, Boosting, Gaussian Mixture models (GMMs))
- Artificial Neural Networks (ANNs) and Similar Algorithms - ex: Artificial Neural Networks (ANNs), Convolutional Neural Networks (CNNs), Recurrent Neural Networks (RNNs), Transformer Models (non-generative)
- Generative Models / Large Language Models (LLMs) - ex: GPT, Generative Adversarial Networks (GANs), Diffusion models

Response required.

Will your analysis include the use of existing trained models? *

- No
- Yes

Response required.

Will you be exporting a model from the Vivli research environment? *

- No
- Yes

Response required.

Please select how the data will be used *

- To validate (to confirm model performance) - Data is used to confirm that a model is performing as expected
- To train (to adjust existing model algorithm parameters) - Data is used to adjust algorithms parameters
- To create a model - Data used to build a new custom model

Main Predictor/Independent Variable and how it will be categorized/defined for your proposed research

Other variables of interest that will be used in your analysis and how they will be categorized/defined in your proposed research (i.e. genders, age groups, ethnic groups)

PROJECT TIMELINE ?

Target Analysis Start Date (at least 5 months from Request creation)

04/17/2026

Estimated Analysis Completion Date (at least 12 months from Target Start date)

07/24/2027

DISSEMINATION AND PUBLICATION PLAN

Dissemination & Publication Plan ?

Provide references for all cited material (following APA guidelines)

Certify Complete and Accurate

Please check the box below to indicate that you as the Lead Researcher certify that the information provided is complete and accurate, and that you assume full responsibility for the research.

I certify the information provided is complete and accurate.

Data Use Agreement

Please note that all Data Requestors wishing to receive access to data must execute the Data Use Agreement (DUA) before the data can be provided. The DUA is the product of extensive negotiation with the organizations that contribute data to Vivli, and as such, the agreement is non-negotiable. The DUA form must be completed and signed and is available [here](#).

You can either fill out the DUA form and sign it digitally, or print it out, sign it and scan it as PDF. Once the DUA has been signed by your organization, please upload it using the Signed Agreements tab of this data request (visible once the data request is submitted).

If you have any questions regarding the DUA, please contact a Vivli admin at support@vivli.org.
