How Vivli works

SEARCH

Search Vivli platform for information about available studies.

REQUEST

Request IPD Data sets.
Each Data Request will be reviewed according to contributors’ publicly stated requirements.

ACCESS

Data from approved requests can be accessed in Vivli’s secure research environment or downloaded with permission.

ANALYZE

Use robust analytical tools to combine and analyze multiple data sets.

DISSEMINATE

Completed research results will be assigned a DOI.
Researchers may use the Vivli platform to meet their publication requirements.
Growth Opportunities

• Support cross-platform sharing with other data sharing mechanisms
• Incorporate data types such as imaging and genomics to drive forward new discoveries more quickly
• Potentially leverage platform technology for additional uses
