GENERAL

Title of the Proposed Research (Overall brief description, including the condition, about the proposed research question that is understandable by a general audience)

Lay Summary of the Research Request

What are the specific aims/objectives of the proposed research, including the specific hypotheses to be evaluated?

PURPOSE OF ANALYSIS ?

Purpose of Analysis is required.

- New research question to examine treatment effectiveness on secondary endpoints and/or within subgroup populations
- New research question to examine treatment safety
- Research that confirms or validates previously conducted research on treatment effectiveness
- Research that confirms or validates previously conducted research on treatment safety
- Preliminary research to be used as part of a grant proposal

OUTCOME(S)

Outcome(s) is required.

Algorithms / Code

- A.I. algorithm
- Algorithm for predicting treatment response
- Code
- Machine Learning

Clinical Guidelines

- Clinical guidelines

STUDY DESIGN

Brief Description

Please describe the specific outcomes elements and how they will be categorized/defined for your proposed research

Character Count: 0/1000

Main Predictor/Independent Variable and how it will be categorized/defined for your proposed research

Other variables of interest that will be used in your analysis and how they will be categorized/defined in your proposed research (i.e. genders, age groups, ethnic groups)

GENERAL

Describe how you will analyze the requested clinical study data

Country/countries where the analysis will be conducted

Describe how you will analyze the requested clinical study data, including:

- The reasoning behind/criteria used for selecting a specific study (ie. search criteria)
- If your proposed research involves studies from other sources, provide a full list of studies requested from other sources so the Data Contributors can see the full scope of the proposed research. Also please propose a brief plan on how to combine the results.
- Include discussion of descriptive, bivariate and multivariable analyses
- Any other planned advanced analyses (such as propensity score methods, Kaplan-Meier or Cox

Certify Complete and Accurate

Please check the box below to indicate that you as the Lead Researcher certify that the information provided is complete and accurate, and that you assume full responsibility for the research.

I certify the information provided is complete and accurate.

Data Use Agreement

Please note that all Data Requestors wishing to receive access to data must execute the Data Use Agreement (DUA) before the data can be provided. The DUA is the product of extensive negotiation with the organizations that contribute data to Vivli, and as such, the agreement is non-negotiable. The DUA form must be completed and signed and is available [here](#).

You can either fill out the DUA form and sign it digitally, or print it out, sign it and scan it as PDF. Once the DUA has been signed by your organization, please upload it using the Signed Agreements tab of this data request (visible once the data request is submitted).

If you have any questions regarding the DUA, please contact a Vivli admin at support@vivli.org.
